Dear Friends:

For many years this organization has had a Memorial Fund. Contributions to this Fund have enabled the library to purchase furniture, books, videos and other library materials; and, to restore the portrait of Josiah P. Huntoon, a prominent Patersonian whose home served as a station on the Underground Railroad during the Civil War.

This Fund has not been publicized in some time and perhaps some friends are looking for a charity to donate to in memory of a deceased friend/relative or to honor a living individual. Donations will be used to purchase needed library materials or a specific item if the gift is sufficient to cover the cost of such an item. For a contribution of \$50.00 or more, the individual's name will be on the memorial plaque displayed in the circulation area of the Main Library.

Thank you!

Thomas V. Donovan
President
